

**Application Form for Collaborative Researches
on JURC-DES international project “Super Warm Earth: Understanding Global
Warming Processes from Paleoceanographic Big Data”,
Center for Advanced Marine Core Research, Kochi University**

31/July/2019

Applicant Information	
Name	
Affiliation	
PhD degree/ Institution	
Position	
Postal address	
E-mail	

Principal Research Project (check the corresponding project)
<input type="checkbox"/> PRP-A: Precise and accurate data correlation by chronostratigraphic big data assimilation to characterize late Cenozoic warming episodes <input type="checkbox"/> PRP-B: Paleo-proxy data mapping in the Northwest Pacific: Understanding the behavior of the Kuroshio-subtropical gyre during past super-interglacials <input type="checkbox"/> PRP-C: Survival strategy of microplankton to global warming

Proposed research title

Publication list related to the application (maximum five)

Research plan and expected outcome

(Maximum two pages)
